

**Alzheimer's Disease  
International**

We are facing a public  
health and social care emergency  
- immediate action is needed!

---

### **Global Alzheimer's Disease Charter**

Alzheimer's Disease International has developed a Global Alzheimer's Disease Charter to draw attention to the urgent action needed from governments and stakeholders to make Alzheimer's disease and other dementias a health priority around the world!

The Charter was launched on World Alzheimer's Day - 21st September 2008. To read the charter in full, please visit [www.globalcharter.org](http://www.globalcharter.org)

### **Sign the Petition**

**By taking the actions proposed we can help millions of people. Sign our petition in support of the Charter and add your voice to the call for change!**
